

Cali cartel in Colombia. The entry for one individual previously listed as an SDNT was removed from appendix A because OFAC had determined that the individual no longer met the criteria for designation as an SDNT. These changes to the previous SDNT list brought it to a total of 526 businesses and individuals.

On June 1, 2000, OFAC announced the removal of two individuals previously listed as SDNTs because OFAC had determined that the two individuals no longer met the criteria for designation as SDNTs. These changes to the previous list brought it to a total of 524 businesses and individuals.

On August 18, 2000, OFAC expanded the SDNT list beyond the Cali cartel for the third time by adding the names of Arcangel de Jesus Henao Montoya, a leader of one of the most powerful drug trafficking groups that comprise Colombia's North Valle drug cartel, and Juan Carlos Ramirez Abadia, who have been determined to play a significant role in international narcotics trafficking centered in Colombia, and five associated businesses and one individual acting as fronts for the North Valle cartel. These changes to the previous SDNT list brought it to a total of 532 (comprised of nine principals, 220 entities, and 303 individuals) with whom financial and business dealings are prohibited and whose assets are blocked under the Order. The list of SDNTs now includes kingpins, associates, and businesses from Colombia's Cali, North Valle, and North Coast drug cartels. The SDNT list will continue to be expanded to include additional drug trafficking organizations centered in Colombia and their fronts.

4. OFAC has disseminated and routinely updated details of this program to the financial, securities, and international trade communities by both electronic and conventional media. In addition to bulletins to banking institutions via the Federal Reserve System and the Clearing House Interbank Payments System (CHIPS), individual notices were provided to all relevant state and federal regulatory agencies, automated clearing houses, and state and independent banking associations across the country. OFAC contacted all major securities industry associations and regulators. It posted electronic notices on the Internet and numerous computer bulletin boards, fax-on-demand services, and provided the same material to the U.S. Embassy in Bogota for distribution to U.S. companies operating in Colombia.

5. During the reporting period, as of September 6, 2000, seven financial transactions totaling more than \$203,000 were reported to OFAC as having been blocked. These funds will remain in that status pending investigation by OFAC. As of September 6, 2000, OFAC had issued 18 specific licenses pursuant to the Order since the inception of the program. These licenses were issued in accordance with established Treasury policy authorizing the completion of pre-sanctions transactions, the receipt of payment of legal fees for representation of SDNTs in proceedings within the United States arising from the imposition of sanctions, and certain administrative transactions. In addition, a license was issued to authorize a U.S. company in Colombia to make certain payments to two SDNT-owned entities in Colombia (currently under the control of the Colombian government) for services provided to the U.S. company in connection with the U.S. company's occupation of office space and business activities in Colombia.

6. The narcotics trafficking sanctions have had a significant impact on the Colombian

drug cartels. SDNTs have been forced out of business or are suffering financially. Of the 220 business entities designated as SDNTs as of September 6, 2000, nearly 60, with an estimated aggregate income of more than \$230 million, had been liquidated or were in the process of liquidation. Some SDNT companies have attempted to continue to operate through changes in their company names and/or corporate structures. OFAC has placed a total of 27 of these successor companies on the SDNT list under their new company names.

As a result of OFAC designations, Colombian banks have closed nearly 500 SDNT accounts, affecting more than 200 SDNTs. One of the largest SDNT commercial entities, a discount drugstore with an annual income exceeding \$136 million, has been reduced to operating on a cash basis. Another large SDNT commercial entity, a supermarket with an annual income exceeding \$32 million, entered liquidation in November 1998 despite changing its name to evade the sanctions. An SDNT professional soccer team was forced to reject an invitation to play in the United States, two of its directors resigned, and the team now suffers restrictions affecting its business negotiations, loans, and banking operations. An SDNT radio station has had difficulty in getting advertisers since its inclusion on the SDNT list. These specific results augment the less quantifiable but significant impact of denying the designated individuals and entities of the Colombian drug cartels access to U.S. financial and commercial facilities.

Various enforcement actions carried over from prior reporting periods are continuing and new reports of violations are being aggressively pursued. Since the last report, OFAC has collected no civil monetary penalties but is continuing to process three cases for violations of the Regulations.

7. The expenses incurred by the Federal Government in the six-month period from April 21, through October 20, 2000, that are directly attributable to the exercise of powers and authorities conferred by the declaration of the national emergency with respect to Significant Narcotics Traffickers are estimated at approximately \$570,000. Personnel costs were largely centered in the Department of the Treasury (particularly in the Office of Foreign Assets Control, the U.S. Customs Service, and the Office of the General Counsel), the Department of Justice, and the Department of State. This data does not reflect certain costs of operations by the intelligence and law enforcement communities.

8. Executive Order 12978 provides this Administration with a tool for combating the actions of significant foreign narcotics traffickers centered in Colombia and the unparalleled violence, corruption, and harm that they cause in the United States and abroad. The Order is designed to deny these traffickers the benefit of any assets subject to the jurisdiction of the United States and the benefit of trade with the United States by preventing U.S. persons from engaging in any commercial dealings with them, their front companies, and their agents. Executive Order 12978 and its associated SDNT list demonstrate the United States' commitment to end the damage that such traffickers wreak upon society in the United States and abroad. The SDNT list will continue to be expanded to include additional Colombian drug trafficking organizations and their fronts.

The magnitude and the dimension of the problem in Colombia—perhaps the most pivotal country of all in terms of the world's co-

caine trade—are extremely grave. I shall continue to exercise the powers at my disposal to apply economic sanctions against significant foreign narcotics traffickers and their violent and corrupting activities as long as these measures are appropriate, and will continue to report periodically to the Congress on significant developments pursuant to 50 U.S.C. 1703(c).
